We are pleased to announce that the 35th CINP World Congress of Neuro-Psychopharmacology (CINP2024) will be held at the Tokyo International Forum from Thursday, May 23rd to Sunday, May 26th, 2024.

The main theme of this conference is a "New wave of Neuropsychopharmacology toward wellbeing". With the development of science and technology in recent years, efforts to apply neuropsychopharmacology to clinical practice in psychiatric disorders have flourished in countries worldwide, especially in Asia where many Asian researchers and clinicians have been elected as councillors of CINP, the International College of Neuropsychopharmacology. Experts from companies, research and medical institutions, and regulatory authorities in the world’s major countries and Asia will gather at this international conference to discuss the promotion of basic and clinical research and the creation of a framework for industry-government-academia collaboration toward the development and appropriate use of central nervous system drugs. We will share the results of these discussions with the world.

This will be the first time in 34 years that Japan (the Japanese Society of Neuropsychopharmacology) will be hosting the CINP World Congress since it was first held in Kyoto in 1990. The importance of CINP has been increasing year by year as the number of mental disorders has been diversifying and increasing not only in Japan but also throughout the world. Prior to 2021, the conference was held every other year, but has subsequently been held annually, rotating worldwide. CINP events held in Asia have historically been particularly successful and have attracted exceptionally high participant numbers. Based upon past audience trends, it is confidently expected that more than 2500 international experts from over 50 countries will participate in CINP2024.

The annual meetings of the Japanese Society of Neuropsychopharmacology (JSNP) and the Japanese Society of Clinical Neuropsychopharmacology (JSCNP) will be held during CINP. The Annual Meeting will bring together researchers, healthcare professionals, pharmaceutical industry representatives, regulatory authorities, and others from around the world to integrate their individual activities and promote the development of the JSNP and JSCNP. We are confident that the gathering of international expertise in related fields and the presence of world leaders in neuropsychopharmacology will lead to innovative developments in a wide range of fields related to central nervous system drugs.

The CINP World Congress offers potential sponsors a significant and unique opportunity to showcase emerging therapies, technologies and services to a truly global audience of clinicians and researchers. Your continuing support, particularly at such a challenging time for the global economy, is invaluable. It enables us to build upon our previous work to enhance international collaboration, increase outreach to the areas which offer most scope for potential growth and to further develop the field of neuropsychopharmacology. We would therefore like to thank you sincerely for your past support, and to look forward to a fruitful and mutually beneficial partnership.

We would like to conclude by offering our heartfelt good wishes for the further success of your company.

Thank you in advance for your kind consideration and look forward to hearing from you soon.

Sincerely yours,

Sponsorship Levels & Benefits

We can help you to build the sponsorship package that matches your budget and fulfils your objectives. To reach a sponsorship level, you can:

- Pick "a-la-carte" items from the options shown in the next few pages (exhibit items, advertising opportunities, programme support or marketing items)
- Make a general contribution to the Congress
- Choose a combination of these two options. If the total amount of your "a-la-carte" items does not reach the minimum amount for the sponsorship level of your choice, you may simply add a general contribution amount which will go to the overall funding of the Congress

After 1 March (Fri), 2024: Full amount of the total cost

How to Apply

Please fill out the attached Application Form and send it by e-mail to the Local Secretariat below.

An invoice will be sent to you upon confirmation of your application.

Right to Change or Cancel

The organisers reserve the right to change or cancel the duration or time of the congress due to unavoidable circumstances. If the congress is cancelled prior to the start of the congress, the costs of co-sponsorship, advertising, promotional items, award sponsorship and exhibition fees will be refunded, but the actual costs will be borne by the applicant if they have been incurred up to that point. If the congress is unavoidably shortened after the start of the congress, the organiser will not be liable to refund part or all of the co-sponsorship, advertising, promotional items, award sponsorship fees and exhibition fees. Please note that all costs incurred on the part of the applicant will be borne by the respective company.
